BASIL GENOVA ***Ocimum Basilicum***

- Also known as pesto basil.
- Annual herbs.
- Large green leaves.
- Sow in spring.
- Requires full sun to partial shade.
- Water regularly.
- Great to use as a companion plant for tomatoes and capsicums.
- Cut back hard in late summer to make them re sprout.
- Used as a micro green.
- Popular basil.

Approximately 650 seeds per gram
