

Family owned and operated since 1976

CAPE GOOSEBERRY *Physalis Peruviana*

- Small orange fruit
- Flavour is pleasant, unique tomato / pineapple blend
- Similar in size and shape to a cherry tomato
- Requires full sun
- Likes fairly warm but not hot temperatures
- Needs protection from frost
- Requires plenty of water all year round except when fruits are ripening
- Will grow in most soil types
- Can be eaten raw

Approximately 1000 seeds per gram
